

INSTRUCTIONS & INFORMATION

EXHAUST EXTENSION KIT

Part number 604329

Used on Grasshoppers with Kawasaki engines when installing a Model 25 Hopper.

INSTALLATION INSTRUCTIONS

- This kit will deflect the engine exhaust away from the Model 25 hopper mount.
- Install the Exhaust Extension (item 1) into the exhaust tube and point to the rear with

a downward angle of approximately 30 degrees. Secure the exhaust extension in position with the Exhaust Clamp (item 2).
