

INSTRUCTIONS & INFORMATION

EXHAUST EXTENSION KIT

Part Number 604331

Used on Model 723T & 727T6 Grasshoppers equipped with Model 15 Hopper

INSTALLATION INSTRUCTIONS:

(Refer to illustration)

- This kit will deflect the engine exhaust through the Model 15 hopper mount.
- Place unit on a hard level surface.
- Disengage PTO and stop engine.
- Set park brake and remove key from ignition.
- **ALLOW MUFFLER TIME TO COOL!**
- With a hacksaw or other suitable cutting tool, cut the muffler's exhaust tube to a length of 1 inch.

- Install exhaust extension (item 1) over the exhaust tube in a position that will direct the exhaust through slot in the hopper mount.
- Secure exhaust extension in position with the muffler clamp (item 2) provided.

Item No.	Order No.	Description
1	643897	Exhaust Extension
2	101356	Clamp - Exhaust
