

# INSTRUCTIONS & INFORMATION

## AUXILIARY TRASH SHIELD KIT

Part Number 504644

Use on 600T Series Grasshoppers

### INSTALLATION INSTRUCTIONS:

(Refer to illustrations)

- Place unit on a hard level surface.
- Disengage PTO and stop engine.
- Set park brake and remove key from ignition.
- From underneath tractor, position trash shield above brake cross shaft. Continue to slide shield forward and position shield's front flanges underneath frame's front cross member. See Figure 1.
- Fasten trash shield strap (item 2) to the bottom of trash shield (item 1) with two .25-20 x .5 whiz bolts and nuts (items 3 & 4).
- Install trash shield strap against the bottom of tractor frame side members and secure to side members with two .25-20 x .5 whiz bolts and nuts (items 3 & 4). If holes are not present in frame, drill two .25 inch holes using trash shield strap tabs as template. See illustration on page 2.
