

INSTRUCTIONS & INFORMATION

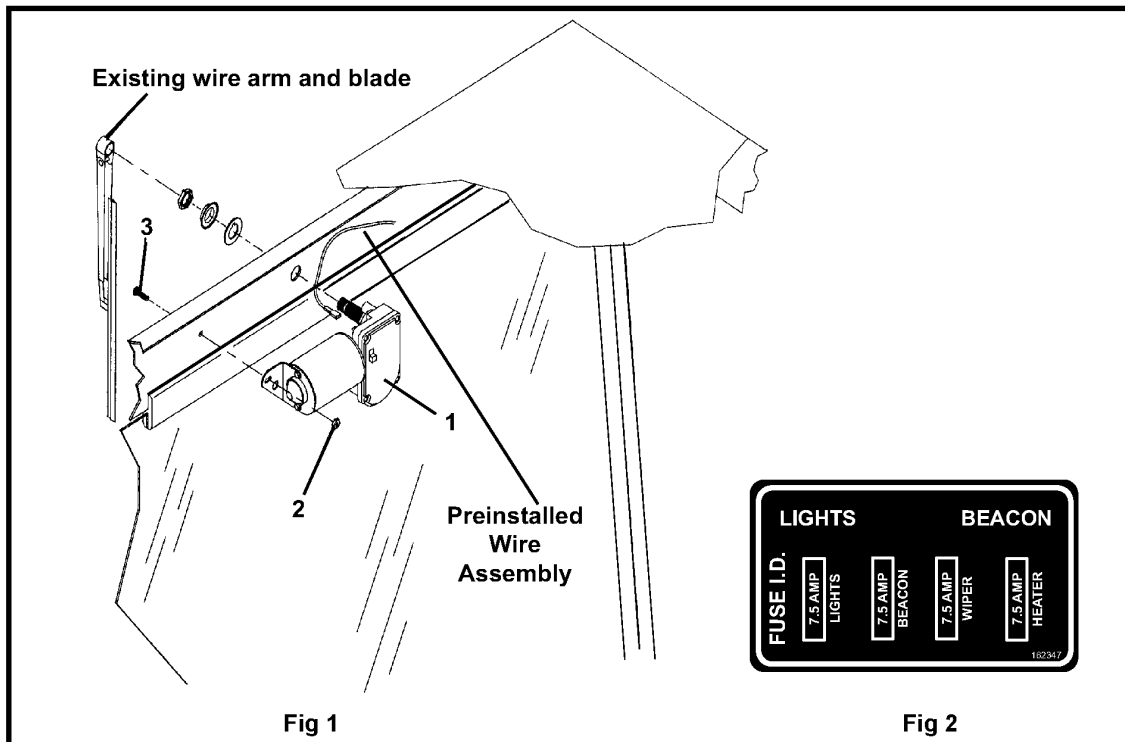

ELECTRIC WIPER KIT

Kit Number 503951

Used on 10.5 Model Enclosure

1. Remove existing wiper arm with blade from manual wiper and remove manual wiper.
2. Place the wiper motor in position and secure as shown in illustration. Mount the existing wiper arm and blade on wiper motor shaft.
3. Connect existing wire to the wiper motor terminal. Route and secure wire as needed.
4. Install the provided 7.5 amp fuse in the enclosure fuse block where noted. See Fig 2.
